

Agreement Between College of Southern Maryland (CSM) and Capitol Technology University (Capitol) for the Articulation of the A.S. Business Administration: Technical Management at College of Southern Maryland to B.S. in Management of Cyber and Information Technology at Capitol Technology University

PURPOSE

This agreement facilitates the transfer of College of Southern Maryland (CSM) students who graduate with an A. S. in Business Administration: Technical Management to the B. S. in Management of Cyber and Information Technology (BSMCIT) as well as to the M.B.A. (MBA) at Capitol Technology University (Capitol). This agreement defines the terms of the transfer agreement.

The goals inherent in the agreement are to:

1. Facilitate students' transfer from the A. S. in Business Administration: Technical Management at CSM to the B. S. Management of Cyber and Information Technology program at Capitol as efficiently as possible.
2. Facilitate students' admission into Capitol's MBA or ISM program after completing the A. S. in Business Administration: Technical Management at CSM and possessing Bachelor's degree from an accredited institution.
3. Establish a clear set of understandings and expectations for institutions, students, and their respective degrees.
4. Establish a pathway for CSM A. S. in Business Administration: Technical Management graduates to earn a degree in Management of Cyber and Information Technology at Capitol as a means to advance their careers in the associated field.

ARTICULATION AGREEMENT

CSM and Capitol agree to offer articulated programs leading to the award of an A. S. in Business Administration: Technical Management and a B. S. in Management of Cyber and Information Technology. The two institutions further agree that students from CSM, under the articulation agreement, may transfer credits earned for the A. S. in Business Administration: Technical Management toward the B. S. in Management of Cyber and Information Technology at Capitol. The following general principles guide the implementation of this agreement:

1. The program is designed for graduates of the A. S. degree in Business Administration: Technical Management at CSM to transfer specific courses in which they have earned the grade of C or higher. The number of courses transferred may not exceed 63 credit hours (half the degree per Maryland law). However, students with transfer credits from 4-year institutions may request evaluation of those credits for additional transfer. The credit hours transferred from CSM contribute to the fulfillment of the 122/123 credit hours required for baccalaureate completion (BSMCIT) at Capitol.

2. The course transfer table included with this document specifies courses that will transfer from CSM to Capitol.
3. Capitol will consider, on a case-by-case basis, accepting credit from non-direct classroom instruction (including CLEP, AP, and other nationally recognized standardized examination scores).
4. For a smooth transition, students at CSM may start taking courses in the Business Administration program at Capitol while they are completing the A. S. degree at CSM. However; students are advised to complete the A. S. degree prior to officially transferring to Capitol.
5. If CSM and Capitol develop a dual enrollment program, this articulation agreement will not prevent students from applying for, participating in, or receiving the benefits of dual enrollment. Those students would then be subject to the dual enrollment program criteria.
6. CSM students who complete the A. S. in Business Administration: Technical Management with a 2.5 grade point average will be automatically accepted into the bachelor's degree program at Capitol and will be given consideration for financial assistance and will be eligible to compete for academic scholarships at Capitol. Students who finish the A. S. degree with a GPA of 3.0 or higher and subsequently attend Capitol full-time will be considered for larger scholarship under a special program.
7. At the request of the CSM Vice President for Academic Affairs, the Capitol Academic Dean will provide general information on the academic progress of CSM students enrolled in the Capitol BSMCIT program. Any feedback must adhere to FERPA. .
8. CSM and Capitol agree to monitor the performance if this agreement and to revise as necessary.
9. CSM and Capitol agree to publicize this agreement.
10. The course transfer table is subject to a five-year review for updating and revising as necessary by the appropriate CSM and Capitol officials without affecting the signed agreement. .
11. Either party may terminate the agreement with 60 days advance written notice to the other. Termination of the agreement will not affect any students currently enrolled in the A. S. in Business Administration: Technical Management program who are taking courses at Capitol or who have been accepted into the BSMCIT at Capitol.
12. This agreement becomes effective on the date that the last authorizing party has signed the agreement. The last signer will write the date on the signature page.

MASTER DEGREE TRANSFER: M.S. (2+2+1):

Students who complete the A. S. degree in Business Administration: Technical Management at CSM, the B. S in Management of Cyber and Information Technology at Capitol and who have a GPA of 3.0 or greater will be accepted into the M.S. in Information Systems Management or the Master of Business Administration. The program can be completed in one year with student attendance on a full-time basis. Students may contact an advisor regarding eligibility for other master degrees under this program.

Authorizing Signatures

This agreement is authorized for implementation on the 22nd day of OCTOBER, 2015

Evaluated by: (list below)		Date:	Schools transferred in from:		
1.			T ₁ =		T ₃ =
Student's First Name:		Initial:	Comments: See notes for Communication Elective		
Last Name:			TOTAL CREDITS 57-60		

NOTE 1:

Humanities Elective Semester 1: If students take PHL 1010, PHL 1400, or PHL 1430 it will transfer as SS 351 allowing an opening for transfer of COM 1010 or COM 1650 as a humanities elective. This would increase transfer credits to 60.

NOTE 2:

BAD 2960 (1 credit) does not transfer.

NOTE 3:

Fourth Semester Elective (1-3 credits) recommendation:

-ENG 1020 transfers as EN 102

-ITS 2940 transfers as SS 351

-PHL 1010 transfers as SS 351

-PHL 1400 transfers as SS 351

-PHL 1430 transfers as SS 351

-Any MTH class from the Mathematics electives listed for program requirements. This course will transfer as the second math course in the MA 110/111 series.

-BAD 2700 transfers as BUS 275

-BAD 1780 transfers as BUS 276

-ITS 2090 transfers as IAE 201

-ITS 1120 transfers as BUS 250

-ITS 2300 transfers as BUS 301

NOTE 4:

Students may transfer a total of 63 credits. One additional course is available for transfer. Recommendations in NOTE 3 are suggested.
