

Articulation Agreement Between Potomac State College of West Virginia University and College of Southern Maryland

Bachelor of Applied Science Degree with an Emphasis in Business Management

Potomac State College of West Virginia University agrees to articulate College of Southern Maryland's Associate of Applied Science (A.A.S.) Degree in Information Services Technology to satisfy the requirements for admission to Potomac State College's Bachelor of Applied Science (B.A.S.) — Business Management Emphasis. Admission to the B.A.S. is restricted to students who have completed an A.A.S. degree in relevant subjects.

College of Southern Maryland A.A.S. graduates in Computer Information Systems will receive transfer credits for not less than 60 of the 120 credits required to complete the B.A.S. with an emphasis in Business Management at Potomac State College of West Virginia University.

To receive a Bachelor of Applied Science, College of Southern Maryland graduates must complete 61 credits of B.A.S. coursework, as specified in the attached Advisement Sheet.

However, in the case of the following B.A.S. requirement, Potomac State College will accept College of Southern Maryland course work if a student completed a course parallel to the Potomac State B.A.S. requirement when completing requirements for the A.A.S. in Information Services Technology at College of Southern Maryland. Potomac State College B.A.S. course requirements are attached.

College of Southern Maryland graduates must complete the final 30 credit hours in residence at PSC. Student's may also be required to earn up to 8 hours in their major field regardless of the number of hours or the nature of the course transferred.

In addition, in order to meet B.A.S. General Education requirements, College of Southern Maryland A.A.S. graduates will be required to select a 3 credit lower or upper division B.A.S. elective in the Humanities or Fine Arts, and to select six credits of upper division electives in General Education subjects. This requirement does not increase the total number of credits required to complete the B.A.S., but does restrict acceptable course selections in some B.A.S. electives (see attached advising sheet).

The following electives are recommended for College of Southern Maryland as Qualifying Electives:

- A.A.S. students should take ECN 2020, ECN 2025, ACC 2010, ACC 2020, PSYC 1010 and MATH 1120.

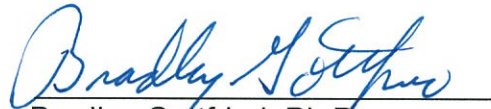

All B.A.S. graduates will complete a total of at least 121 credits.
