**Please note:**

- Students will be advised that changing a program of study could result in previously completed courses not applying to their new program of study.
- Course substitutions made under one catalog and program do not transfer to the new program. Students must complete a course substitution form with an advisor for the new catalog and program.
- Students with transfer credits from another institution must request a reevaluation of credits by completing a Request for Transcript Evaluation Form available at <https://www.csmd.edu/student-services/transfer-services/incoming/index.html>
- CSM recommends students who wish to change their program of study speak with the financial assistance, veteran's coordinator, athletics department, international advisor (if applicable), to help determine the impact your new educational goals may have.
- International students are required to have the change of program form signed by their international advisor to ensure that their SEVIS record is updated and their I-20 remains in compliance with federal regulations.
- Students who are admitted to selective programs of study do not complete this form.
- Students who have not attended CSM for a minimum of two years must follow the catalog in effect when they return.
