## Preface

College of Southern Maryland, (also referred to as the College), is committed to the concept and practice of equal opportunity and affirmative action. In preparing this Affirmative Action Program (AAP), we have been guided by Section 503 of the Rehabilitation Act of 1973 (as amended) (29 U.S.C. § 793) and its implementing regulations (41 C.F.R. Part 60-741) and the Guidelines on Affirmative Action issued by the Equal Employment Opportunity Commission ("EEOC") (29 C.F.R. Part 1608). Nothing contained in this AAP or its supporting data should be construed as an admission by the College, in whole or in part, that it has contravened any federal, state, or local employment practice laws, or to sanction the discriminatory treatment of any person.

While the College firmly believes in dissemination of its affirmative action policies and equal employment opportunity practices and makes the non-data components of this AAP available for review to employees and applicants upon request, the AAP remains a proprietary document of the College. Moreover, the data on which the College has relied in preparing this AAP are confidential and sensitive, and the College believes release of the data would subject the College to commercial harm. Reports that require specific data, such as names of employees and salary information, are not an official part of this AAP. This information is on file at the College as Documentation and Supporting Data for AAP Reports, and is available for review only as required by law.

If this AAP or any supporting data or documentation are submitted to the Office of Federal Contract Compliance Programs (OFCCP) pursuant to the Executive Order, the Rehabilitation Act, the Vietnam Era Veterans' Readjustment Assistance Act and/or any implementing regulations (as any or all have been or may be amended), the Equal Employment Opportunity Commission, any local or state fair employment practice agency, or any other federal, state or local government agency, those documents and the information they contain are to be considered confidential and not subject to disclosure without notifying the College of the agency's decision to disclose and providing the College with ample time to contest the disclosure. Advance notice of disclosure should be sent to Sybol Anderson \& Ivan L. Smith. The College requests this information be treated as exempt from public disclosure under the Freedom of Information Act, 5 U.S.C. § 552.

No information contained in the AAP or any supporting data or documentation is to be copied, removed from the premises, or released to other individuals without a prior notification to and permission from the College.

This AAP does not constitute an express or implied contract between the College and its employees, job applicants, or other persons, nor does it change in any way the basic at will employment relationship all College employees have with the College. Nothing in this AAP creates a private right of action on behalf of any individual or group against the College.

## Equal Employment Opportunity and Affirmative Action Statement of Policy

It is the policy of College of Southern Maryland not to discriminate or allow the harassment of employees or applicants on the basis of sex, gender identity, sexual orientation, race, color, religious creed, national origin, physical or mental disability, protected veteran status, or any other characteristic protected by law with regard to any employment practices, including but not limited to, recruitment, hiring, promotion, transfer, demotion, layoff or recall from layoff, termination, wage and benefit administration, and selection for training or other employment opportunities, provided the individual is qualified, with or without reasonable accommodation, to perform the essential functions of the job. This policy applies to all jobs at the College. The College will continue to take affirmative action to ensure individuals are employed, and employees are treated during employment, without regard to their sex, gender identity, sexual orientation, race, color, religious creed, national origin, physical or mental disability, protected veteran status, or any other characteristic protected by law in all employment practices as follows.

Employment decisions at the College are based on legitimate job-related criteria. All personnel actions or programs that affect qualified individuals, such as employment, promotion, demotion, transfer, recruitment, advertising, termination, rate of pay or other forms of compensation, and selection for training, are made without discrimination because of any basis protected by law. Employees may choose to voluntarily disclose their sex, race, national origin, disability and protected veteran status at any time by contacting Human Resources. Such information will be maintained in a confidential manner and will not be used against an individual when making any employment decisions. Employees and applicants with disabilities and disabled veterans are encouraged to inform Human Resources if they need a reasonable accommodation to perform a job for which they are otherwise qualified. The College makes, and will continue to make, reasonable accommodation to the known physical or mental limitations of an otherwise qualified applicant or employee to promote the employment of qualified individuals with disabilities and disabled veterans, unless such accommodation would impose an undue hardship on the operations of the College.

College of Southern Maryland and its President are fully committed to the principles of equal employment opportunity and affirmative action and support the successful implementation of the College's Affirmative Action Programs. Sybol Anderson \& Ivan L. Smith, Affirmative Action Officers for the College, has been appointed with responsibility for implementation of the College's affirmative action activities. The Affirmative Action Officers have the full support of top management to fully implement this Program. All managers and supervisors will take an active part in the College's AAP to ensure all qualified employees and prospective employees are treated in a non-discriminatory
manner with respect to all employment decisions. Furthermore, College of Southern Maryland will solicit the cooperation and support of all employees for the College's Equal Employment Opportunity and Affirmative Action Statement of Policy.

The College's Affirmative Action Program includes an audit and reporting system, which, among other things, uses metrics and other information to measure the effectiveness of the Program. The Affirmative Action Officers have been assigned responsibility for periodically reviewing progress with compliance and implementation of the College's affirmative action policy. In accordance with public law, the College's Affirmative Action Program for qualified individuals with disabilities and the Affirmative Action Program for protected veterans are available for inspection in the Human Resources Department, 9-5 upon request.

In addition, employees and applicants will not be subjected to harassment, intimidation, threats, coercion, or discrimination because they have engaged in, or may have engaged in, filing a complaint, assisting or participating in an investigation, compliance review hearing, or other activity related to the administration of Section 503 of the Rehabilitation Act of 1973, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, Executive Order 11246, and/or any other federal, state or local law or regulation regarding equal employment opportunity, opposing any act or practice made unlawful, or exercising any other right protected by such laws or regulations or exercising any other right protected by such laws or regulations. College of Southern Maryland will not discharge or in any other manner discriminate against employees or applicants because they have inquired about, discussed, or disclosed their own pay or the pay of another employee or applicant. However, employees who have access to the compensation information of other employees or applicants as a part of their essential job functions cannot disclose the pay of other employees or applicants to individuals who do not otherwise have access to compensation information, unless the disclosure is (a) in response to a formal complaint or charge, (b) in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or (c) consistent with the contractor's legal duty to furnish information.

## Sex Discrimination Policy

## 41 C.F.R. 60-20.1-60-20.6

Pursuant to College of Southern Maryland's equal employment opportunity and affirmative action policy, the College prohibits sexual discrimination and harassment in the workplace. This policy applies to all terms and conditions of employment, including but not limited to, recruitment, hiring, promotion, transfer, demotion, layoff or recall from layoff, termination, wage and benefit administration and selection for training or other employment opportunities. The terms "because of sex", on the "basis of sex", "regardless of sex" and "without regard to sex" include, but are not limited to, because of or on the basis of pregnancy, childbirth or related medical conditions, sexual orientation, gender identity and transgender status. In furtherance of the College's commitment to ensuring equal employment opportunity regardless of sex, the College will take the following steps, as appropriate:

- Recruit individuals for all positions without regard to their sex, except where sex is a bona fide occupational qualification
- Ensure job postings and recruitment materials do not express a sex preference, unless sex is a bona fide occupational qualification
- Review employment practices and personnel policies to ensure that applicants and employees are not discriminated against or harassed
- Provide qualified employees with an equal opportunity to any available job without regard to their sex, except where sex is a bona fide occupational qualification
- Administer employment opportunities, wages, hours, conditions of employment, retirement programs, and other employee benefits regardless of sex
- Develop written policies which prohibit unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature towards employees and take reasonable steps to prevent such harassment from occurring
- Provide appropriate restroom and other facilities for applicants and employees
- Refrain from reliance on any state laws which conflict with the non-discrimination provisions of Title VII of the Civil Rights Act of 1964 or Executive Order 11246 and are superseded thereby
- Ensure employees are not discriminated against because of pregnancy, childbirth, or related medical conditions. Females affected by pregnancy, childbirth, or related medical conditions will be treated the same as other persons who are not so affected but are similarly able or unable to work
- Administer any seniority systems without regard to sex
- Determine wage schedules without regard to sex
- Ensure individuals are not restricted to certain job classifications based on sex.

## Religious and National Origin Discrimination Policy

41 C.F.R. 60-50.1-60.50.5
Pursuant to College of Southern Maryland's equal employment opportunity and affirmative action policy, the College prohibits religious and national discrimination and harassment in the workplace. This policy applies to all terms and conditions of employment, including but not limited to, recruitment, hiring, promotion, transfer, demotion, layoff or recall from layoff, termination, wage and benefit administration, and selection for training or other employment opportunities. In furtherance of the College's commitment to ensuring equal employment opportunity regardless of national origin or religious beliefs, the College will take the following steps, as appropriate:

- Recruit individuals for all positions without regard to their national origin or religious beliefs
- Provide qualified employees with an equal opportunity to available job openings without regard to their religion or national origin
- Administer employment opportunities, wages, hours, conditions of employment, retirement programs, and other employee benefits regardless of religion or national origin
- Provide reasonable accommodation for sincerely-held religious beliefs unless doing so would pose an undue hardship on the College's business.
- Develop reasonable procedures to carry out the College's obligation to provide equal employment opportunity without regard to religion or national origin
- Inform employees of the College's commitment to equal employment opportunity without regard to national origin or religion
- Inform recruitment sources of the College's commitment to equal employment opportunity and seek their assistance and support to
- Review employment practices, personnel policies, and available records to ensure that applicants and employees are not discriminated against or harassed
- Engage in outreach activities with religious and ethnic organizations and educational institutions

## Responsibility for Implementation

## 41 C.F.R. 60-2.17

College of Southern Maryland has assigned primary management responsibility and accountability for ensuring full compliance with the Affirmative Action Program to Sybol Anderson \& Ivan L. Smith, the Affirmative Action Officers of the College. The Affirmative Action Officers have the authority, resources, support of and access to top management necessary to ensure the effective implementation of the AAP. The identities of the Affirmative Action Officers appear on internal and external communications regarding the College's equal employment opportunity and affirmative action policies.

The duties of the Affirmative Action Officers and designees include:

- Developing policy statements, AAPs, and internal and external modes of communication
- Overseeing regular discussions with local managers, supervisors, and employees to ensure the College's policies are being followed
- Training personnel involved in the recruitment, screening, selection, promotion, disciplinary, and related processes to ensure the commitments in the College's Affirmative Action Program are implemented
- Advising managers and supervisors that the College is obligated to prevent discrimination and harassment of applicants and employees on any basis protected by law
- Identifying any problem areas in implementing the AAP, and developing solutions
- Ensuring policies are in place to identify any barriers to employment based on sex, gender identity, sexual orientation, race, color, religious creed, or national origin and assisting managers in developing solutions to ensure all individuals benefit from equal employment opportunities
- Designing and implementing an internal audit and reporting system to measure the effectiveness of the College's Program, indicate the need for remedial action, determine the degree to which the College's objectives have been attained, determine whether all employees have had the opportunity to participate in Collegesponsored educational, training, recreational, and social activities, and ensure each College location is in compliance with applicable laws and regulations
- Serving as liaison between the College and enforcement agencies, and between the College and organizations of and for minorities or females
- Encouraging active involvement by College representatives in the community service programs of local organizations of and for minorities and females
- Ensuring posters and notices are properly displayed or disseminated in ways that are accessible and understandable to applicants and employees
- Keeping management informed of developments in the affirmative action area.

## Organizational Profile

41 C.F.R. 60-2.11
As one of the diagnostic components of College of Southern Maryland's AAP, the College has completed a profile of the workforce at the La Plata, MD establishment. The organizational profile is an overview of the staffing patterns at this establishment and is used to determine whether there are areas in the workforce where individuals are underrepresented or concentrated by gender or race.

To complete the organizational profile the College has elected to follow the Workforce Analysis methodology. The analysis identifies the departments at the La Plata, MD establishment and for each department lists all job titles from lowest to highest paid. For each job title, the report provides the following data: the total number of incumbents, the total number of male and female incumbents, and the total number of male and female incumbents by racial/ethnic group.

## Job Group Analysis

## 41 C.F.R. 60-2.12

As the second diagnostic component of the AAP, College of Southern Maryland has prepared a job group analysis. The job group analysis is the first step in comparing the representation of minorities and females in the workforce covered by this AAP with the estimate of the available qualified minorities and females who could be employed by the College in positions covered by this AAP.

In designing job groups, jobs have been placed in job groups based upon the general criteria of relatively similar content, similar opportunities, and similar rates of pay.
Similarity of content refers to the relative duties and responsibilities of the job titles which make up the job group. Similarity of opportunities refers to training, transfers, promotions, pay mobility and other career enhancement opportunities offered by the jobs within the job group.

The job groups in this AAP were developed to serve as a basis for a statistical analysis comparing current workforce utilization to weighted internal and external availability, and, thereafter, to develop annual goals as to minorities and females. Accordingly, job content (reflected in census data matches) and opportunity for advancement (important for determining feeder jobs) have been relied upon more than pay rates in grouping jobs. Moreover, where possible, and, consistent with other factors, job groups were devised which are of a sufficient size to conduct a meaningful utilization analysis. Necessary differences exist in the statistical analysis for utilization and the statistical analysis which would be appropriate for compensation. Therefore, the College does not suggest or agree its job groups contain jobs whose incumbents are sufficiently similarly situated (considering a variety of factors including tasks performed, effort, level of responsibility, working conditions, work location, job difficulty, minimum qualifications, performance and other objective factors) to be included in the same group for purposes of statistical analysis of rates of pay or compensation.

The Job Group Analysis report identifies the job groups created for this AAP, the job titles that comprise each job group, and the percentage of minority incumbents and the percentage of female incumbents in each job group.

## Availability Analysis

## 41 C.F.R. 60-2.14

The availability analysis is a part of the Incumbency vs. Estimated Availability Analysis - the final diagnostic component of this AAP. The purpose of the availability analysis is to establish a benchmark against which the demographic composition of the College's workforce may be compared to determine whether barriers to equal employment opportunity may exist within particular job groups.

Pursuant to applicable regulations, the availability analysis for each job group examines two potential areas of availability: individuals with the requisite skills outside the establishment (external availability) and individuals within the establishment who are promotable, transferable, and/or trainable (internal availability). In determining availability, the College has selected a reasonable recruitment area and the pool of promotable, transferable, and trainable employees in such a way as not to exclude qualified minorities and females. Moreover, when determining external availability, the College has used the most current and discrete statistical information available. For this availability analysis, the College has used the EEO 2014-2018 ACS Tabulation Data. Finally, where a job group is composed of different job titles that carry different availability rates, the College calculated a composite availability figure. The College arrived at the composite availability figure by determining the proportion of the job group incumbents employed in each job title, weighting the availability for each job title by the proportion of incumbents employed in that title, and adding together the weighted availability estimates.

A brief written rationale for the selection of the recruitment areas and internal pools by job group is included with this AAP.

## Comparison of Incumbency vs. Estimated Availability

41 C.F.R. 60-2.15
College of Southern Maryland has compared the representation of minorities and females in each job group with their representation among those identified in the availability analysis as available for employment in the job group. Where actual representation was less than the calculated availability, the College determined whether the difference was greater than could reasonably be expected.

## Placement Goals

## 41 C.F.R. 60-2.16

As required by applicable regulations, College of Southern Maryland has established placement goals where the actual representation of minorities or females in a job group is less than would be reasonably expected based on calculated availability.

In establishing placement goals, the College applied the following principles:

- When the percentage of minorities or females employed in a particular job group is less than would reasonably be expected, given their availability percentage in that job group, the College established a percentage annual placement goal at least equal to the availability figure derived for minorities or females, as appropriate, for that job group.
- Placement goals are not quotas that must be met, nor are they to be considered as either a ceiling or a floor for the employment of individuals of a specific race or sex.
- In all employment decisions, the College makes selections in a nondiscriminatory manner. Placement goals do not provide a justification to extend a preference to any individual, select an individual, or adversely affect an individual's employment status, on the basis of that individual's sex, gender identity, sexual orientation, race, color, religious creed, national origin, physical or mental disability, protected veteran status, or other characteristic protected by law.
- Placement goals do not create set-asides for specific groups, nor are they intended to achieve proportional representation or equal results.
- Placement goals are not used to supersede merit selection principles, nor do these placement goals require the College to hire a person who lacks qualifications to perform the job successfully or hire a less qualified person in preference to a more qualified one.

As is described in more detail in the Action-Oriented Program section of this AAP, where a placement goal is set, the College will develop affirmative steps to increase the recruitment and training of the underrepresented group.

## Identification of Problem Areas by Organizational Unit and Job Group

41 C.F.R. 60-2.17(b)
College of Southern Maryland has conducted analyses of its total employment process, including evaluating the workforce by organizational unit and job group, personnel activity, compensation systems, and other personnel procedures to determine whether and where impediments to equal employment opportunity exist.

An analysis of each of these processes follows.

## Composition of the Workforce by Organizational Unit

The College has analyzed its workforce to determine if minorities or females are significantly underrepresented or concentrated in any organizational unit.

## Composition of the Workforce by Job Group

The College has conducted an availability analysis by job group, considering both external and internal availability, and has compared incumbency to estimated availability to determine placement goals. The descriptions of Factor 1 and Factor 2 by job group are summarized in this AAP. The College has established affirmative action placement goals and programs to address any areas of underutilization and will continue to make a good faith effort to reach the placement goals established by implementing action-oriented programs.

## Analysis of Progress Towards Prior Year Goals

When the percentage of minorities or females employed in a particular job group is less than would reasonably be expected given their availability percentage in that job group, the College has established an annual percentage placement goal at least equal to the availability figure derived for minorities or females, as appropriate, for that job group.

## Review of Personnel Activity

The College has analyzed additional personnel activities to determine whether and where impediments to equal employment opportunity exist and whether there are significant selection disparities by race/ethnicity or gender. These activities include applicant flow, hires, promotions, terminations, and other personnel actions.

## Applicant Flow

The College accepted applications for open positions, and persons interested in obtaining employment with the College were advised to apply according to the College's current
policy. The College periodically reviews recruitment and selection actions to ensure there are no barriers to equal employment opportunity.

## Hires

The College periodically reviews recruitment, selection and hiring actions to ensure there are no barriers to equal employment opportunity and no significant differences in selection rates by gender or race/ethnicity. Job descriptions are reviewed to make sure duties are accurately described and the experience and education requirements are job related. Job descriptions will continue to be written without regard to sex, gender identity, sexual orientation, race, color, religious creed, national origin, physical or mental disability, protected veteran status, or any other characteristic protected by law.

Application forms are reviewed to ensure all requested information is job related, and the forms comply with all applicable laws. Where applicable, tests will be reviewed and administered in a non-discriminatory manner.

College representatives who are involved in the selection process will be briefed on the College's obligations. Hiring decisions are to be based on the applicant's experience, skills, abilities, education, and any other job-related criteria.

## Promotions

The College provides employees the opportunity to be promoted. The College periodically reviews promotional actions to ensure there are no barriers to equal employment opportunity and no significant differences in selection rates by gender or race/ethnicity.

The College provides reasonable opportunity for employees to advance by offering training and other developmental opportunities. Most promotional opportunities are posted, providing interested employees with an opportunity to apply.

## Terminations

The College periodically evaluates its termination practices to ensure there are no barriers to equal employment opportunity and no significant differences in selection rates by gender or race/ethnicity. When terminations or reductions in force are necessary, the College makes its decisions without regard to sex, gender identity, sexual orientation, race, color, religious creed, national origin, physical or mental disability, protected veteran status, or any other characteristic protected by law.

## Review of Compensation Systems

As part of its affirmative action obligations, the College has reviewed its compensation systems to determine whether those systems are being administered without regard to an individual's sex, race, ethnicity, or other characteristic protected by law. If the College
discovers significant compensation system differences between individuals who are similarly situated, it will determine whether they are the result of legitimate, nondiscriminatory factors.

## Development and Implementation of Action-Oriented Programs

## 41 C.F.R. 60-2.17

College of Southern Maryland has developed and executed action-oriented programs designed to correct any problem areas that may exist. To remove identified barriers and expand employment opportunities, the College engages in or has made plans to implement the activities outlined in this AAP, as appropriate.

The College's commitment to equal employment opportunity is publicized and employees are encouraged to participate in the College's Affirmative Action Program through activities such as the following.

- Written notification of the College's affirmative action policy will be sent to all subcontractors, including subcontracting vendors and suppliers, and request appropriate action on their part.
- The College will make the Equal Employment Opportunity Clause part of all covered contracts and purchase orders.
- The College's Equal Employment Opportunity and Affirmative Action Statement of Policy will be made available to applicants and employees. The policy will include a statement that employees and applicants are protected from coercion, intimidation, and interference or discrimination for filing a complaint or assisting in an investigation under Executive Order 11246, as amended. When applicable, the College will publicize the policy in College publications.
- The College will hold meetings with executive, management and supervisory personnel to explain the College's policy of affirmative action and to make clear the President's support for the policy.
- Advertisements or solicitations for prospective employees will indicate the College is an equal opportunity employer.
- The College will seek to include individuals covered by this AAP when employees are pictured in consumer and personnel recruitment advertising.
- The College will encourage qualified minority and female applicants to apply for available job openings through the following activities, as appropriate:
- Minority and female, as well as non-minority and male, employees will be actively encouraged to refer applicants to the College.
- The College will send available job opportunities to the State Employment Services Delivery System.
- The College will identify local organizations and/or community agencies specializing in placing and/or developing training programs for protected individuals and send them notices of vacant positions.

Where placement goals exist as defined by the OFCCP, the College will contact universities and two- and four-year local colleges, vocational technical schools, high schools, local
business schools, and state and community organizations which attract qualified minority and female students. During the period from October 01, 2021 to September 30, 2022, special recruitment activities were conducted at the following schools and universities: College of Southern Maryland Job Fair, Tri-County Council (Nine Innings of Networking Hiring Event), Calvert County Job Fair and University of Maryland.

During the period from October 01, 2021 to September 30, 2022, targeted recruitment activities were conducted at the following diversity outreach and recruitment sources: College of Southern Maryland Job Fair, Tri-County Council (Nine Innings of Networking Hiring Event), Calvert County Job Fair and University of Maryland Inside Higher Education --Higher Ed Jobs, Diverse Jobs, National Urban League website and LatPro,

The College will implement procedures to ensure minority and female employees are given equal opportunities for promotion, such as the following:

- On-the-job training will be provided to all qualified employees to assist them in developing the necessary knowledge and skills for promotion to higher level jobs.
- The College will continue to make opportunities for advancement widely known through its career development process and by encouraging minorities and females to take advantage of these opportunities. Internal job opportunities may be posted so employees may apply to positions of interest.
- The following internal training programs will be offered to eligible employees without regard to sex, gender identity, sexual orientation, race, color, religious creed, national origin, physical or mental disability, protected veteran status, or any other characteristic protected by applicable law: New Hire Orientation, Supervisory Training Series,Tuition Reimbursement, Employee Assistance Program, Sexual Harassment Prevention Training, Employee Recognition and Awards Program, Telecommuting Program, Service Awards Program, Leadership Development Program I \& II and Employee Mentoring Program.
- The College may offer employees the opportunity to participate in external training programs such as the following: Training partnership with Charles County Government.

## Internal Audit and Reporting System

## 41 C.F.R. 60-2.17

It is the responsibility of the College's Affirmative Action Officers to monitor employment and personnel practices to ensure compliance with applicable regulations and adherence to the College's Affirmative Action Policy, and to measure the effectiveness of College of Southern Maryland's AAP.

The College's audit and reporting system is designed and implemented to:

- Measure the effectiveness of the AAP
- Identify any need for remedial action
- Determine the degree to which the College's objectives are being attained
- Determine whether protected individuals have had the full opportunity to equal employment and to participate in all College sponsored educational, training, recreational, and social activities
- Measure the College's compliance with the AAP's specific obligations
- Document the actions taken to monitor the College's compliance with the AAP's specific obligations.

To measure the effectiveness of the AAP, the College may take the following actions:

- Audit the College's voluntary self-identification process to monitor the number of individuals who choose to self-identify and evaluate whether changes could be made to College's self-identification process to encourage greater voluntary selfidentification
- Monitor records of applicant flow, referrals, placements, training, transfers, promotions, terminations, and compensation decisions to evaluate the degree to which equal employment opportunity and organizational objectives are being obtained
- Report on the organization's progress towards equal employment opportunity and any identified problem areas so appropriate steps can be taken to resolve any issues
- Examine available utilization and benchmark data regarding protected individuals and develop action-oriented programs to address any areas of underutilization
- Review available data computations and analyses regarding applicants and hires
- Review the effectiveness of the College's recruitment and outreach activities
- Use a schedule to regularly assess any mental and physical qualifications to ensure they are job-related and consistent with business necessity
- Regularly assess the College's personnel processes to ensure all individuals have equal opportunity in employment
- Audit communications with vendors and subcontractors to ensure such communications reflect the College's commitment to equal employment opportunity
and affirmative action
- Audit communications with applicants and employees to ensure such communications reflect the College's commitment to equal employment opportunity and affirmative action
- Audit job listings to ensure the postings reflect the College's commitment to equal employment opportunity and affirmative action, and such postings are timely listed with the appropriate state employment delivery system
- Audit personnel policies to ensure such policies reflect the College's commitment to equal employment opportunity and affirmative action

Where the Affirmative Action Program is found to be deficient, the College shall endeavor to undertake necessary action to improve the Program.
