College of Southern Maryland Annual Transfer Report

Executive Summary

Each year, the Planning, Institutional Effectiveness, and Research Department (PIER) prepares a report of transfer information of students who were enrolled at the College of Southern Maryland (CSM) during an academic year and transferred to another institution during the next academic year.

This report examines the cohort of CSM students who: 1) were enrolled on the census date of the Fall 2014, Spring 2015, and/or Summer 2015 terms; 2) had 12 or more cumulative credits earned by the end of the Summer 2015 term; and 3) transferred to another institution within the subsequent academic year. As with last year's report, this report includes only those students who had earned 12 or more total cumulative credits by the end of the Summer 2015 term. The report includes a summary of the transfer information, transfers by state and institution, transfers by CSM program of study, and rankings of transfer institutions.

Highlights of the Report

- Of the 7,835 students in the cohort (enrolled in academic year 2015 with 12 or more cumulative credits earned by the end of the summer 2015 term), 23.7% (1,853) transferred to another institution within the subsequent academic year.
- When examining the students by the type of institution to which they transferred, 21.0% (1,643) transferred to four-year institutions, and 2.7% (210) transferred to two-year institutions.
- The 1,853 students who transferred went to 289 different institutions in 41 states and the District of Columbia. Of those,
 - 1,643 students transferred to 221 different four-year institutions in 41 states and the District of Columbia, and
 - 210 students transferred to 68 different two-year institutions in 22 states.
