Executive Summary

Each year, the Planning, Institutional Effectiveness, and Research Department (PIER) prepares a report of transfer information of students who were enrolled at the College of Southern Maryland (CSM) during an academic year and transferred to another institution during the next academic year.

This report examines the cohort of CSM students who: 1) were enrolled on the census date of the Fall 2017, Spring 2018, and/or Summer 2018 terms; 2) had 12 or more cumulative credits earned by the end of the Summer 2018 term; and 3) transferred to another institution within the subsequent academic year. The report includes a summary of the transfer information, transfers by state and institution, transfers by CSM program of study, and rankings of transfer institutions.

Highlights of the Report

- Of the 6,562 students in the cohort, 26.5% (1,737) transferred to another institution within the subsequent academic year.
- When examining the students by the type of institution to which they transferred, 24.1% (1,581) transferred to four-year institutions, and 2.4% (156) transferred to two-year institutions. The majority of students who transferred, 72.3%, enrolled at an in-state institution.
- The 1,737 students who transferred went to 258 different institutions in 39 states, and the District of Columbia. Of those,
 - 1,581 students transferred to 200 different four-year institutions in 39 states and the District of Columbia; and
 - 156 students transferred to 58 different two-year institutions in 21 states.
