

Agreement between College of Southern Maryland (CSM) and Capitol Technology University (Capitol Tech) for the Articulation of the following Associate of Science in Computer Science at College of Southern Maryland (CSM) to the following B.S. degrees at Capitol Tech: Software Engineering

PURPOSE

This agreement facilitates the transfer of CSM students who graduate with an Associate of Science in Computer Science to the B.S. in Software Engineering at Capitol Tech. This agreement defines the terms of the transfer agreement.

The goals inherent in the agreement are to:

1. Facilitate student admission into the B.S. in Software Engineering after completing the Associate of Science in Computer Science.
2. Establish a clear set of understandings and expectations for institutions, students, and their respective degrees.
3. Establish a pathway for CSM Associate of Science in Computer Science graduates to earn a B. S. degree in Software Engineering at Capitol Tech to advance their careers in the associated field.

ARTICULATION AGREEMENT

CSM and Capitol Tech agree that students from CSM, under the articulation agreement, may transfer credits earned for the Associate of Science in Computer Science towards a B. S. degree in Software Engineering at Capitol Tech. The following general principles guide the implementation of this agreement:

1. The program is designed for graduates of the Associate of Science in Computer Science at CSM to transfer specific courses in which they have earned the grade of C or higher. The number of courses transferred may not exceed 70 credit hours. However, students with transfer credits from 4-year institutions may request evaluation of those credits for additional transfer. The credit hours transferred from CSM contribute to the fulfillment of the 120/121 credit hours required for baccalaureate completion at Capitol Tech.
2. The course transfer tables included with this document specifies courses that may transfer from CSM to Capitol Tech.
3. Capitol will consider, on a case-by-case basis, accepting credit from non-direct classroom instruction (including CLEP, AP, and other nationally recognized standardized examination scores).
4. Students are advised to complete the A.S. degree prior to officially transferring to Capitol Tech.
5. CSM students who complete the Associate of Science in Computer Science with a 2.5 grade point average will be automatically accepted into the B.S. in Software Engineering degree program at Capitol Tech.
6. Students who complete the associates degree with a GPA of 3.0 or higher and subsequently attend Capitol in either an on campus or synchronous online program full-time will receive transfer scholarships of up to \$10,000 per year.
7. Students who transfer to Capitol's asynchronous eight-week term programs will qualify for the partner tuition rate (\$360 per credit hour for 2020-2021)

8. At the request of CSM, Capitol Tech will provide general information on the academic progress of CSM students enrolled in any of the Capitol Tech's B.S. programs. Any feedback must adhere to FERPA requirements.
9. The Capitol Tech BS in Construction Safety is a Board of Certified Safety Professionals (BCPS) QAP program. Upon graduation, graduates of a BCPS QAP program like this are eligible to apply for the Graduate Safety Practitioner® (GSP®), a BCSP-approved credential necessary to apply for the Certified Safety Professional® (CSP®). In order for Capitol Tech to obtain this status, all the safety, math, and science courses we offer in this program include their mandatory criteria.
10. CSM and Capitol Tech agree to monitor the performance of this agreement when any changes to program curriculum occur.
11. CSM and Capitol Tech agree to publicize this agreement on their web sites.
12. The course transfer tables are subject to a five-year review for updating and revising as necessary by the appropriate CSM and Capitol Tech officials without affecting the signed agreement.
13. Either party may terminate the agreement with 60 days advance written notice to the other. Termination of the agreement will not affect any students currently enrolled in the Associate of Science in Computer Science who are taking courses at Capitol or who are accepted into the Bachelor of Science in Software Engineering at Capitol Tech.
14. This agreement becomes effective on the date that the last authorizing party has signed the agreement. The last signer will write the date on the signature page.

COURSE REQUIREMENTS FOR SOFTWARE ENGINEERING
Bachelor of Science (120 Credits)

COURSE NUMBER, TITLE and NUMBER of CREDITS		COURSE NUMBER, TITLE and NUMBER of CREDITS	
Technical Prerequisites		Math/Science	
6 Credits Transferred Course		30 Credits Transferred Course	
EL-204 Digital Electronics (3)		Science or Math Elective (3)	SCE-1010
EL-262 Microprocessors/Microassembly (3)		MA-114 Algebra/Trigonometry (4)	
Computers/Software		39 Credits	
CS-130 Intro to Programming Using Java (3)	CSC-1110	MA-124 Discrete Math (3)	MTH-2500
CS-150 Intro to Programming Using C (3)	CSC-2591	MA-128 Intro to Statistics (3)	
CS-200 Programming in C++ (3)	CSC-1390	MA-261 Calculus I (4)	MTH-1200
CS 250 Intro Net Programming with C (3) OR CS 356 Dynamic Web Page Development (3) OR CT 406 WEB Programming Languages (3)		MA-262 Calculus II (4)	MTH-1210
CS-220 Database Management (3)		PH-201 General Physics I (3)	PHY-1010/L
CS-225 Intermediate Java Programming (3)	CSC-2592	PH-202 General Physics II (3)	
CS-230 Data Structures (3)		Science or Math Elective (3)	
CS-310 Computer Algorithms (3)	CSC-2740	Humanities/Social Sciences	
CS-330 iPhone App Development (3) OR CS 305 Android App Development (3)		18 Credits	
CS-405 Intro/Software Design w/UML (3)		HU-331 OR HU-332 Arts and Ideas (3)	
CS-418 Operating Systems (3)		SS-351 Ethics (3)	PHL-1150
CT-152 Intro/Unix (3)		Social Science Elective (3)	Social/Behavioral Science
CT-376 JavaScript (3)		Social Science Elective (3)	Social/Behavioral Science
Engineering		21 Credits	
SE-351 Software Testing (3)		Humanities Elective (3)	
CS-406 Requirements/Resource Analysis (3)		Humanities Elective (3)	Communications
English Communications		6 Credits	
CS-452 Agile Methods (3)		EN-101 English Communications I (3)	ENG-1010
SE-321 Human Computer Interaction (3)		EN-102 English Communications II (3)	ENG-1020
SE-457 Senior Design Project I (3)			
SE-458 Senior Design Project II (3)			
Software Elective (3)
