

**Agreement for Dual Admission
between
University of Maryland, Baltimore, School of Nursing
and
College of Southern Maryland, Health Sciences Division**

University of Maryland, Baltimore, School of Nursing ("UMSON") hereby enters into an Agreement ("Agreement") with College of Southern Maryland, Health Sciences Division ("CSM") to offer dual admission to students and transfer credits from one institution to the other on the terms and conditions of this Agreement.

I. Dual Admission. CSM and UMSON agree to allow simultaneous admission to CSM Health Sciences Division's Associate Degree in Nursing Program ("ADN") and UMSON's Bachelor of Science in Nursing Program ("BSN") through a coordinated admission process using the procedures set forth in Exhibit 1 ("Dual Admission Program"). Eventual matriculation at UMSON is dependent upon a student meeting criteria for progression to UMSON before the desired date of enrollment at UMSON.

II. Acceptance of Degrees. In order to matriculate to UMSON, a CSM student must have graduated from CSM with an Associate of Science degree in Nursing and satisfy UMSON's progression criteria and other applicable requirements at the time the student matriculates to UMSON as identified in Exhibit 2. Licensure as a Registered Nurse in Maryland or another Compact State must be obtained on or before the end of the first semester of enrollment at UMSON. UMSON shall accept up to 59 transfer credits that will satisfy General Education Requirements at both CSM and UMSON, also identified in Exhibit 2. In addition to transfer credits for completed coursework, UMSON will award students 30 credits toward their UMSON BSN upon verification of an active RN license.

III. Transfer of UMSON Credits to CSM. A CSM student enrolled through the Dual Admission Program without a degree from CSM may transfer UMSON credits back to CSM in accordance with CSM's academic policies and procedures to complete a degree at CSM. The parties will direct students who wish to apply UMSON credits toward obtaining a CSM degree to consult a CSM advisor. Credits to be counted towards the ADN cannot be also counted towards the BSN.

IV. Enrollment in UMSON BSN Courses Prior to Graduation from CSM. While enrolled in the ADN program at CSM, a student may take UMSON courses under Special Student status to earn credits towards the BSN degree. The parties will direct students who wish to apply UMSON credits toward obtaining a BSN degree to consult a UMSON representative. Credits to be counted towards the BSN cannot be also counted towards the ADN. The procedures for Special Student status are set forth in Exhibit 1 ("Special Student Status"). Course prerequisite requirements are set forth in Exhibit 3 ("Prerequisites for UMSON RN to BSN Courses").

V. Applicability. The status afforded to students as contemplated in this Agreement applies only to the Dual Admission Program, courses in the Dual Admission Program, transfer of credits and

credentials, and credential requirements in effect as of the Effective Date (as defined in Section XI.). The Dual Admission Program and the processes and procedures outlined in this agreement are limited to the Dual Admission Program. UMSON and CSM agree that students enrolled in the Dual Admission Program are subject to the respective laws, regulations, practices and policies in effect at the institution the student is attending. Such laws, regulations, practices and policies include, but are not limited to, payment of tuition and fees, grading, appeals of grades, reasonable accommodation and academic misconduct. Each party will bear its own expenses related to resolving grievances and academic matters at its respective institution.

A student will pay regular deposits, tuition and fees set up by the institution in which the student is enrolled. Each institution is responsible for collecting tuition and fees from its students in the Dual Admissions Program according to its own rate structure in place at the time of the students' enrollment at the institution. Each institution is responsible for billing and student accounts for the semester(s) when a student is enrolled at the institution. Financial aid will be administered through CSM prior to a student's enrollment into UMSON's BSN program. After enrollment into UMSON's BSN program, financial aid will be administered through UMSON.

VI. Student Responsibility. Upon acceptance to the Dual Admission Program students must execute a written authorization (a FERPA release) to permit CSM and UMSON to monitor any matter of legitimate educational interest. It is the students' responsibility to ensure that they meet all requirements for successful completion of the Dual Admission Program including the CSM Associate of Science degree in Nursing requirements and all prerequisites for successful matriculation to UMSON as specified in UMSON guidelines <http://nursing.umaryland.edu/academic-programs/undergrad/rn-bsn> . Students must also meet UMSON Technical Standards, matriculation requirements and maintain satisfactory academic standing in courses taken at UMSON.

CSM students are responsible for submitting all forms and materials as required by CSM and UMSON and ensuring that all required materials have been received by UMSON.

Students must comply with the policies and procedures, as well as the academic and non-academic standards of CSM and UMSON during the time students are enrolled in each institution.

VII. CSM and UMSON Responsibilities. Consultation and communication on student progress will be maintained by CSM and UMSON once a FERPA release form is completed by each student.

CSM will provide counseling / advising to students accepted into the Dual Admission Program and evaluate students' performance in accordance with the requirements as stated herein every semester while students are enrolled at CSM. At the end of each semester, CSM and UMSON will provide an overview of students accepted into the Dual Admission Program to include courses completed, GPA, projected semester to matriculate to UMSON, and campus/site selection (College of Southern Maryland site, Shady Grove site, Laurel site, or Baltimore

campus). UMSON will meet with these students in a group on an annual basis. CSM Dual Admission Program students will be invited to visit the College of Southern Maryland site, Shady Grove site, Laurel site, or Baltimore campuses during UMSON open houses.

UMSON will provide CSM Admissions staff with student progress and BSN completion data for all Dual Admission Program students as well as information supporting the BSN program and, if requested, on-site visits annually.

CSM and UMSON must maintain accreditation by a national nursing accreditation agency recognized by the U.S. Department of Education (USDE). Both programs must be approved by the Maryland Board of Nursing.

VIII. Degrees Awarded. Students will be awarded the Associate of Science degree in Nursing from CSM and the Bachelor of Science in Nursing degree by UMSON after successful completion of all the requirements as identified for both CSM and UMSON programs.

IX. Promotion/Publicity. During the term of this Agreement, CSM and UMSON shall develop and agree upon a mutually acceptable marketing and student recruitment plan to promote the Dual Admission Program and inform students of the opportunities available at both institutions under this Agreement. CSM will provide to UMSON its student directory information for promotion of the alliance.

Any and all marketing, promotional, or other materials developed by one party to publicize this Agreement must be reviewed and approved in writing by the other party prior to use of any such materials. Neither party shall use the name or marks of the other party in connection with any product, service, promotion, news release or other publicity, without the prior written consent of the party whose name or marks is under consideration. . In all communications, marketing, promotional and other materials related to the Dual Admissions Program, students shall be referred to as dual admission students in the CSM ADN and UMSON BSN programs.

X. Changes in Programs. Notwithstanding anything in this Agreement to the contrary, UMSON and CSM retain the right and the authority to make changes in their respective courses, programs, and credential requirements. The parties shall give each other reasonable notice of changes in their respective courses, programs, and/or credential requirements that may materially affect a student's status, acceptance of degrees, or the transfer of credit as contemplated in this Agreement. A student who is already enrolled in the Dual Admission Program at the time of such changes will have the option to choose whether to follow the existing or new requirements. A student's selection of either option, as well as the student's proposed plan of study, must be approved by representatives of both the CSM and UMSON nursing programs.

The parties shall meet, at least once a year, to review their respective courses, programs, and credential requirements to determine whether this Agreement should be amended to reflect the courses, programs, and credential requirements then in effect at each institution, as well as to determine if there is a need for a cap on enrollment in the Dual Admissions Program.

XI. Term and Termination. The term of this Agreement is one year commencing as of

September 1, 2015 (the "Effective Date") and ending on August 31, 2016. The term will extend automatically for successive one-year periods.

Either party may terminate this Agreement by providing ninety (90) days prior written notice to the other party.

Provided neither UMSON's nor CSM's programs, courses, or credential requirements have changed such that articulation or the transfer of credit is no longer academically appropriate, UMSON shall accept the transfer of CSM credits and afford the students the status on the terms and conditions of this Agreement for those students who have enrolled in UMSON and remained continuously enrolled at or before termination of this Agreement. Continuous enrollment means enrollment in at least one course at CSM within a two-year period (i.e., six semesters) and enrollment in at least one course every semester during matriculation at UMSON.

XII. General Provisions. This Agreement is subject to applicable policies and procedures promulgated by the Maryland Higher Education Commission regarding the transfer of credits.

All notices under this Agreement must be in writing; delivered in person or by U.S. mail, facsimile, or commercial courier; and addressed as follows:

If to UMSON:

University of Maryland School of Nursing
655 W. Lombard Street, Suite 505
Baltimore, MD 21201
Attn:
Jane Kirschling, PhD, RN, FAAN
Dean and Professor

If to CSM:

College of Southern Maryland
8730 Mitchell Road
La Plata, MD 20646
Attn:
Laura Polk, PhD, RN, CNE
Professor and Chair
Health Sciences Division

Either party may change its respective notice address by providing notice to the other party.

This Agreement integrates the entire agreement of the parties and supersedes any and all prior and/or contemporaneous agreements between the parties, written or oral, with respect to the subject matter of this Agreement. This Agreement may be modified only by a writing signed by both parties.

The laws of the State of Maryland govern interpretation of this Agreement.

Neither party may assign this Agreement, its interest herein, or its rights or obligations hereunder without the prior written consent of the other.

Nothing in this Agreement is intended to constitute a partnership or joint venture between the parties. Nothing in this Agreement is intended to create rights in or benefit any person or entity other than the parties.

EXHIBIT 1
DUAL ADMISSION PROGRAM

I. Admissions. A student may apply for dual admission as early as the time of application to the ADN program at CSM but no later than the end of the fourth semester of matriculation into the ADN program during the agreement's first term and no later than the end of the second semester thereafter. UMSON will consider for admission into its BSN program CSM students with an overall GPA of 3.0 for higher education course work completed and a 2.75 GPA in any prerequisite science courses taken by the time of admission to CSM's ADN program. UMSON and CSM shall develop and use a joint application process ("Dual Application") that will result in the progression of the student to UMSON. A student must complete and submit the appropriate admission paperwork for both CSM and UMSON to CSM. CSM shall forward the application to the Office of Admissions at UMSON. The student is responsible for paying the application fees for both CSM and UMSON when applying to the Dual Admission Program. Both UMSON and CSM shall identify students enrolled in the Dual Admission Program in their respective student databases.

II. Progression Process. Students interested in the CSM and UMSON Dual Admission Program must meet with the CSM nursing advisor to ensure appropriate course scheduling and to specify preferred location for progression into the BSN program. Students must enroll in courses in the nursing plan of study in order to progress to UMSON. Progression to UMSON must be done within the timeframe specified below.

The CSM nursing advisor, in collaboration with the student in the Dual Admission Program, will monitor the process for completing the CSM Dual Admission Program. CSM students must submit all required materials to UMSON no later than December 1st for enrollment in the following fall semester and no later than May 1st for enrollment in the following spring semester. Thereupon, the CSM student will finalize his/her preferred location for attendance. All student inquiries for information regarding the status of a student's filing for progression should be directed to UMSON Office of Student and Academic Services (OSAS).

Following reviews of the student's materials, UMSON will notify the students whether or not they qualify for provisional acceptance for progression to UMSON BSN program by November 1st for spring enrollment and April 1st for the fall enrollment. Provisional acceptance for progression is granted to students who meet UMSON progression criteria, are completing their remaining studies at CSM, and will complete all prerequisite courses prior to the beginning of the semester offered progression to UMSON. Students pursuing this Dual Admission Program may not have more than 6 outstanding prerequisite courses in their fall or spring semester prior to Enrollment to UMSON. Students in the Dual Admission Program must be enrolled in UMSON within three years of completion of CSM's ADN program unless the student falls under the Armed Forces and Sailors Act, with respect to involuntary recall to active duty. In these cases, individual reviews will be made case by case.

CSM students in the Dual Admission Program must notify the UMSON Office of Admissions of their decision to matriculate and pay the required deposit by the date included in the offer of progression letter or the offer of progression will be rescinded.

If students in the guaranteed CSM to UMSON Dual Admission Program do not fulfill remaining progression requirements satisfactorily, UMSON reserves the right to rescind the provisional admission for progression.

III. Special Student Status. CSM students that have successfully met the criteria outlined in Dual Admission Program may enroll in coursework towards the BSN degree at UMSON. CSM students interested in dual enrollment coursework at CSM and UMSON must submit all of the necessary materials to enroll in a course at UMSON and follow the policies and procedure outlined by UMSON, including completion of a course's prerequisite requirements. Special Students will be limited to enrollment in available courses specified by UMSON.

IV. Matriculation to UMSON. A student is eligible for matriculation to UMSON if the student has graduated from CSM with an Associate of Science degree in Nursing with an overall GPA of 3.0, and an overall GPA in the science prerequisites (general chemistry, microbiology, and anatomy and physiology I and II) of 2.75, and is eligible to take the NCLEX licensure exam before the end of the first semester of enrollment at UMSON. The GPA calculation is based on the student's final transcript at CSM. Applicants who do not meet the GPA requirements will be automatically considered for admission to UMSON as part of UMSON's regular applicant pool.

V. Registration. A student must register through the institution offering the course and pay the appropriate tuition and fees to the institution where registered. The UMSON Catalog and Schedule of Classes will be available on the UMB main website. In order to register as a Special Student in the UMSON the student must have an overall GPA of 3.0 in his/her CSM course work and a GPA of 2.75 in the science prerequisites.

VI. Residency for Tuition Purposes. Residency requirements for each institution shall apply to courses taken at that institution. Initial determination of residency will be made at the time of admission. Verification of residency is the responsibility of each institution.

VII. Advising. General advising for degrees available through the Dual Admission Program will be provided by CSM academic advisors while a student is at CSM and by UMSON while a student is at UMSON.

VIII. Disabled Student Services. All students must meet the technical standards of both CSM and UMSON. Students with disabilities can request reasonable accommodations, and these will be determined on a case by case basis, in order to demonstrate technical standards.

IX. Financial Aid. While a student is at CSM, CSM will issue the student's financial aid. When the student plans to matriculate to UMSON, the student must reapply for financial aid through UMSON. From then on, the student's aid will be issued from UMSON only.

*Three NURS 418 electives are required for the RN to BSN Program. Two options are listed above. Prerequisites for other NURS 418 electives vary by course. Students must have completed at least Fundamentals of Nursing Theory (NUR 1115) and Fundamentals of Nursing Lab/Clinical (NUR 1115L) to register for any NURS 418 elective. Specific prerequisites for each NURS 418 will be available from the UMSON Office of Registration. Students should contact a UMSON advisor to discuss NURS 418 options.

Agreement for Dual Admissions
between
University of Maryland, Baltimore, School of Nursing
and
College of Southern Maryland, Health Sciences Division
Amendment No. 2

This Amendment No. 2 is entered into as of September 1, 2018 (the "Effective Date") by and between the University of Maryland, Baltimore, School of Nursing ("UMSON") and the College of Southern Maryland, Health Sciences Division ("CSM").

Whereas, UMSON and CSM executed an agreement on April 8, 2015 to offer CSM students dual admission to CSM's Associate Degree nursing education program ("ADN") and UMSON's Baccalaureate Degree nursing education program ("BSN").

Whereas, UMSON and CSM previously agreed to amend Exhibit 3 on September 1, 2015 (Amendment No. 1).

Whereas, CSM has since changed the course titled "Current Issues of the Older Adult" from HTH-1030 to NUR-1030 in Exhibit 2, and UMSON and CSM have agreed to amend Exhibit 3 to remove NUR 1215 as a prerequisite requirement to allow Special Students described in the agreement to take NURS 450 prior to graduation from CSM's ADN program.

Now, therefore, UMSON and CSM agree to remove the current Exhibits 2 and 3 from the executed agreement (attached) and substitute the Revised Exhibits 2 and 3 (also attached).

In witness thereof, this amendment has been entered into as of the Effective Date.
